STEP 4

Click on Biolink pages to create QR code for your profile

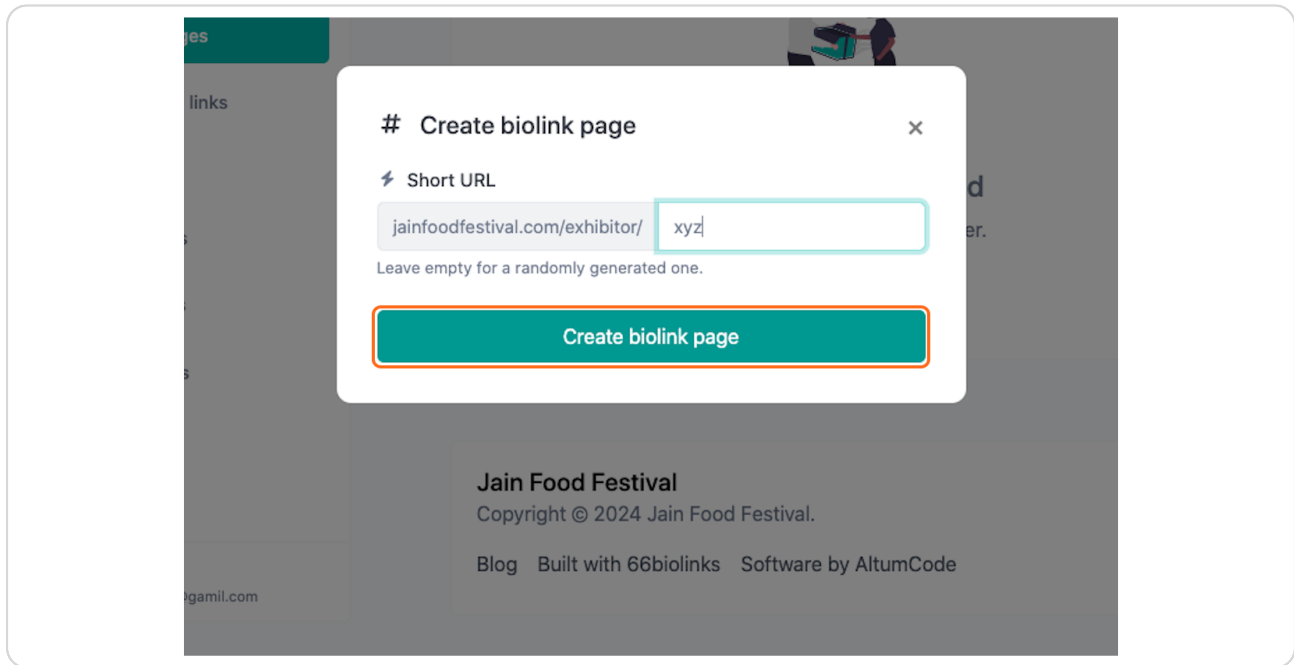

STEP 5

Click on Biolink page

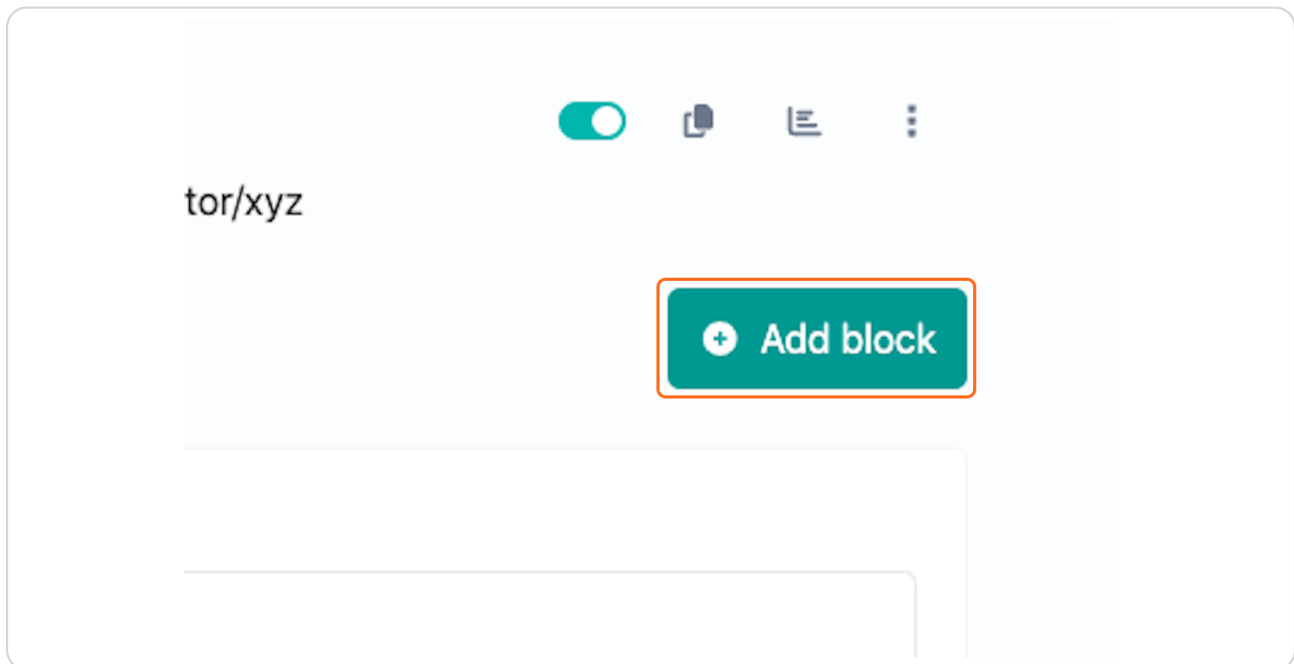

STEP 6

Click on Create biolink page

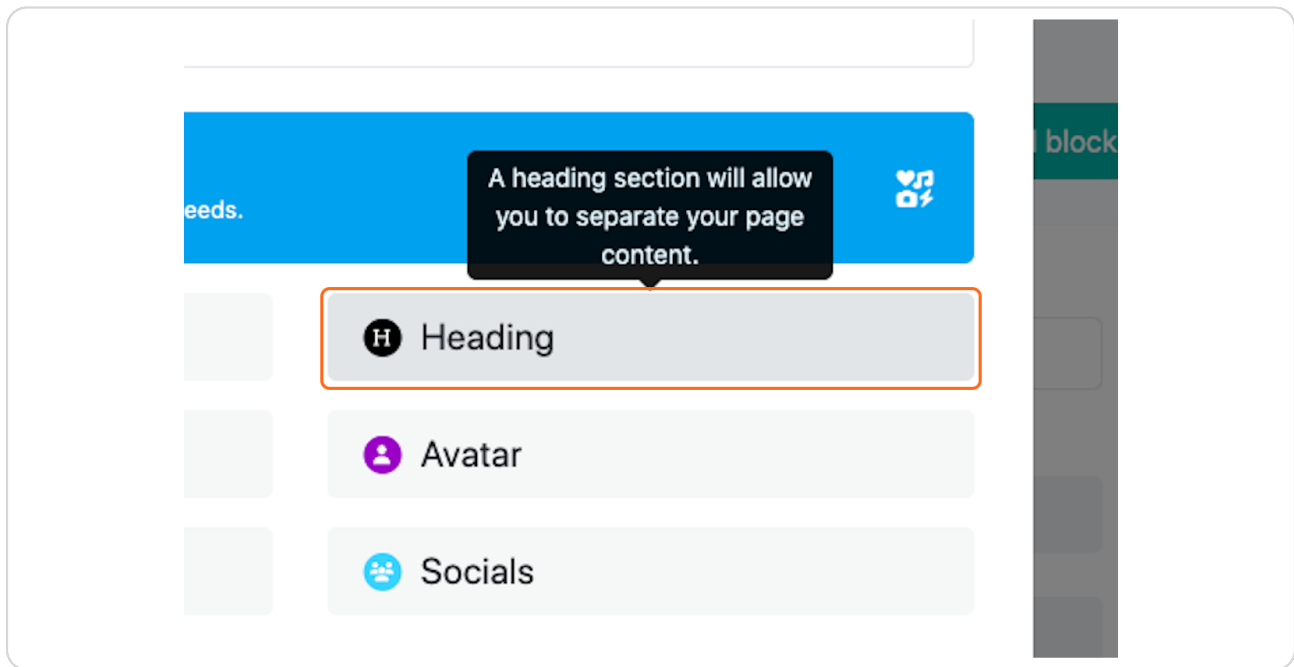

STEP 7

Click on Add block to your profile

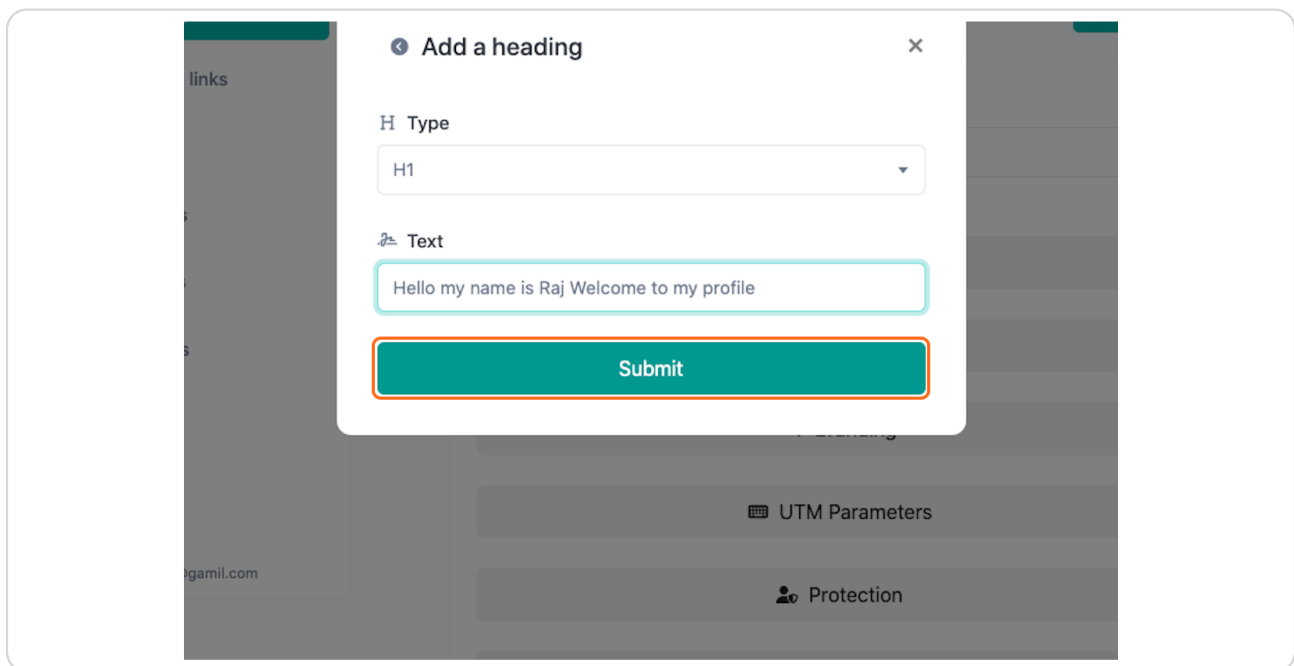

STEP 8

Click on Heading

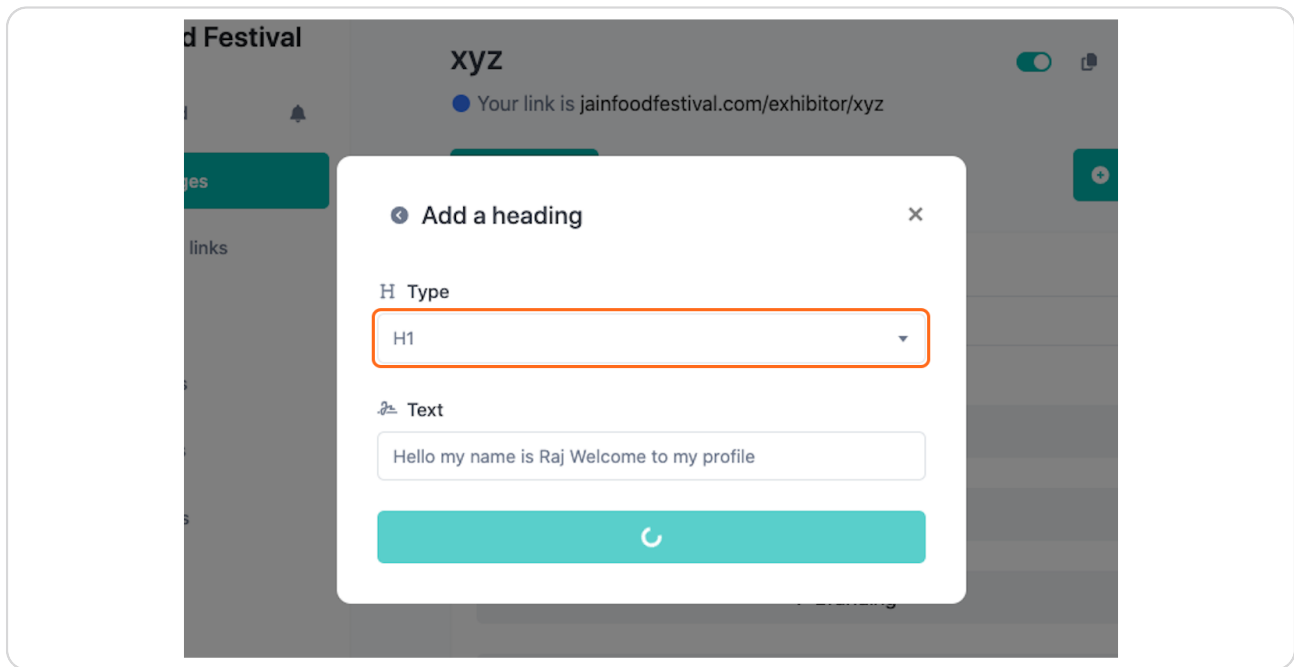

STEP 9

Click on Submit

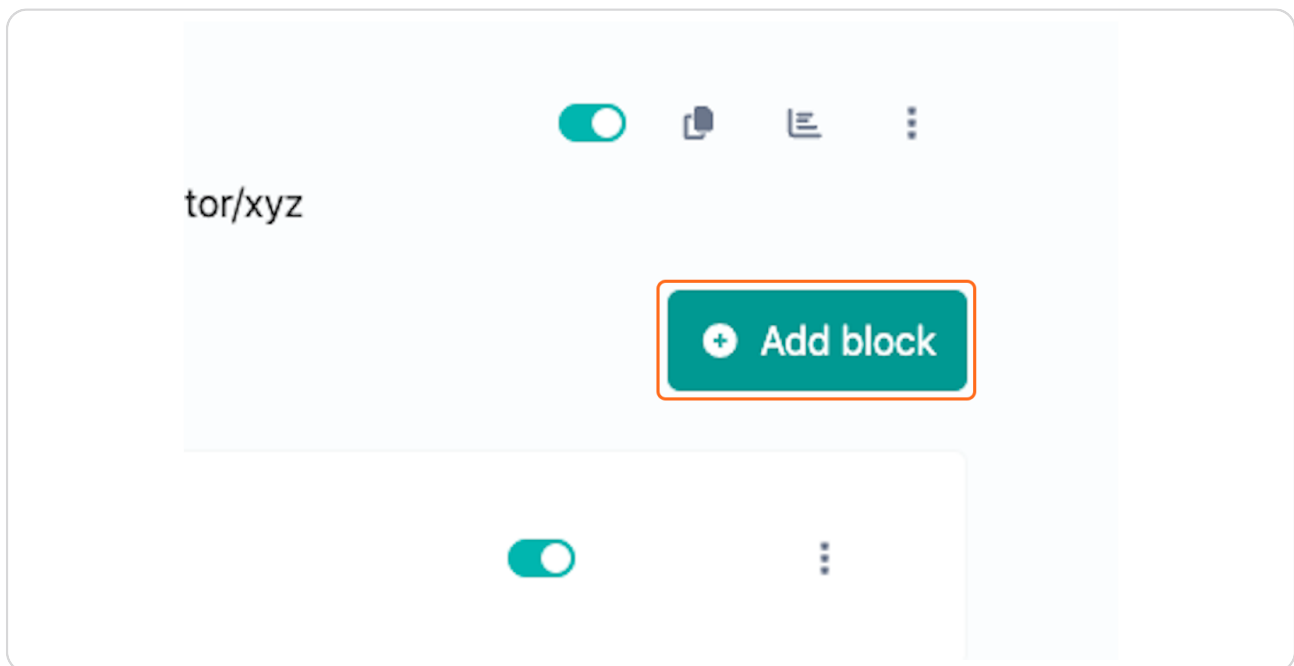

STEP 10

Submit H1

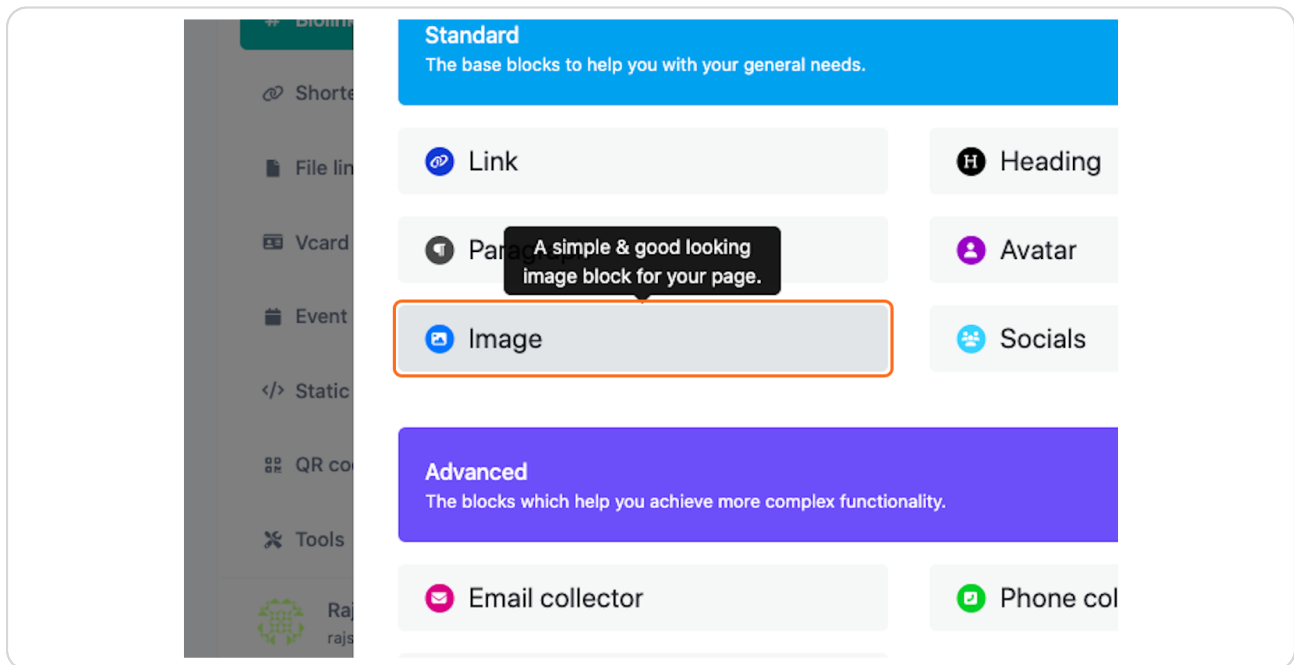

STEP 11

Click on Add block

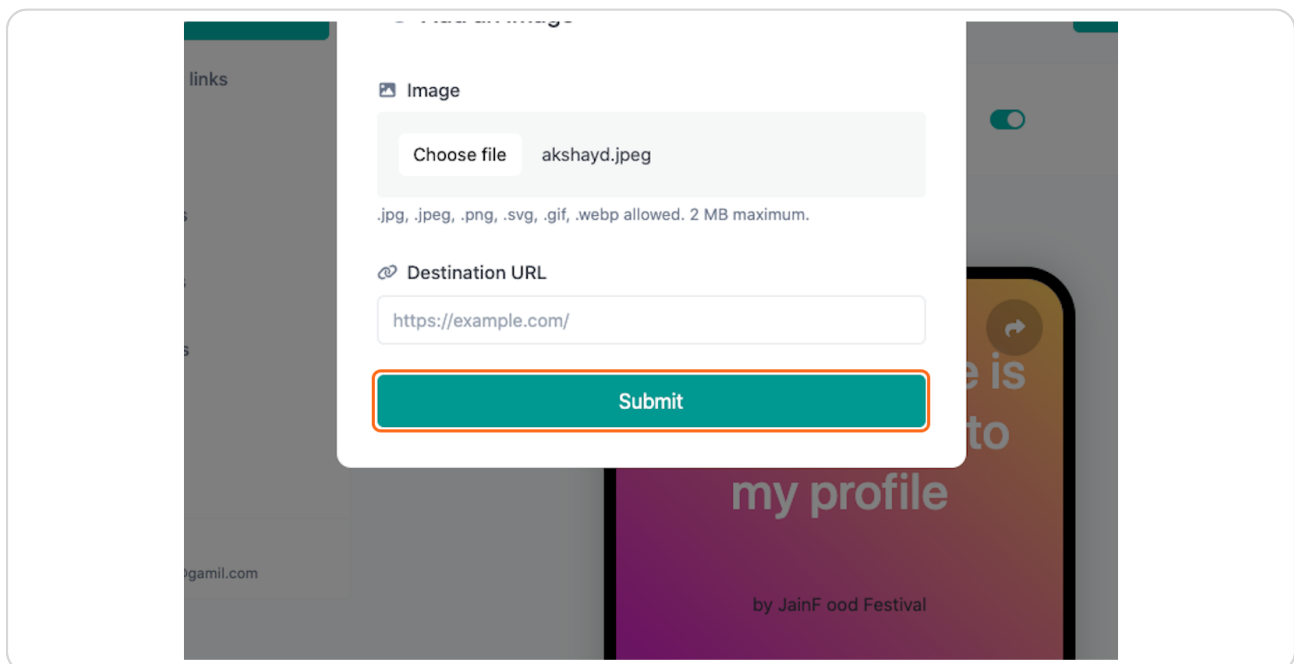

STEP 12

Click on Image(you can add blocks as per your requirements)

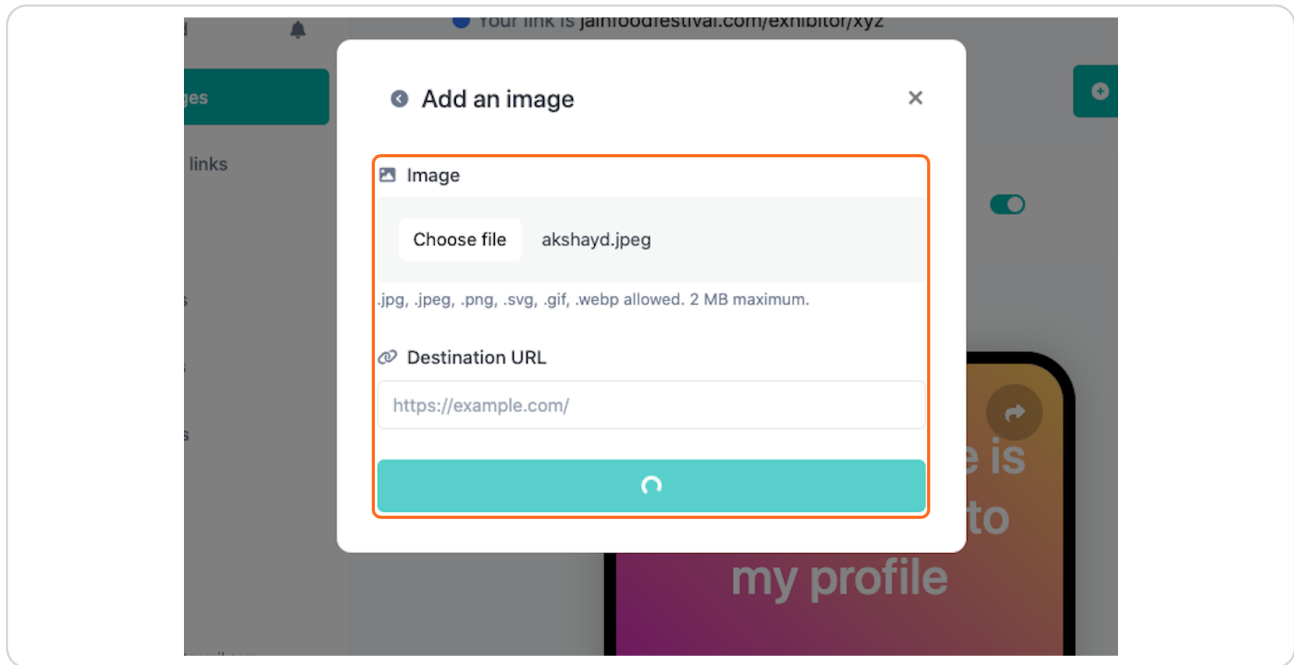

STEP 13

Click on Submit

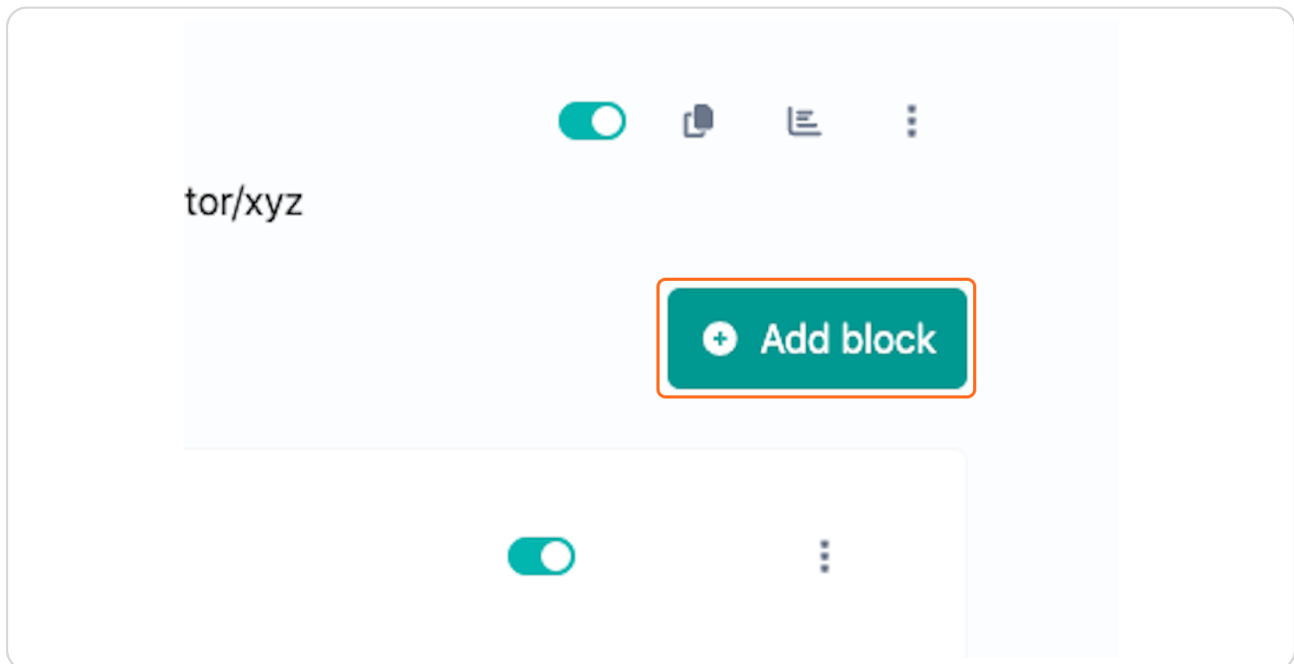

STEP 14

Submit Image...

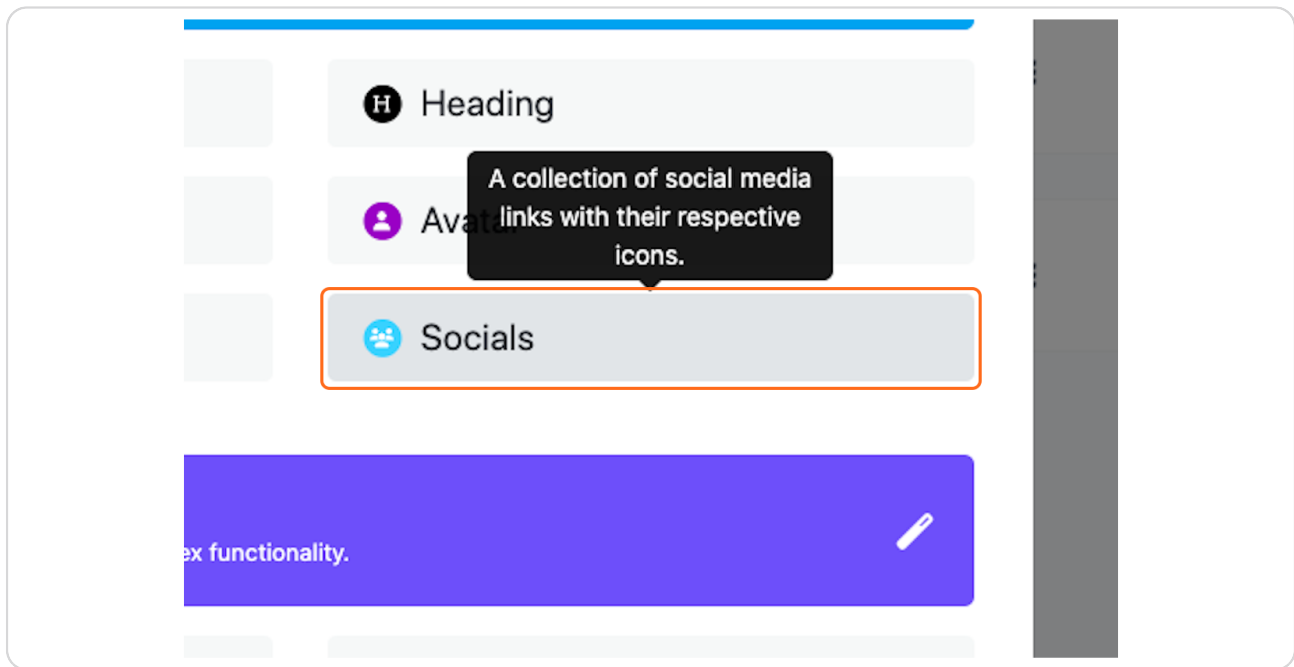

STEP 15

Click on Add block

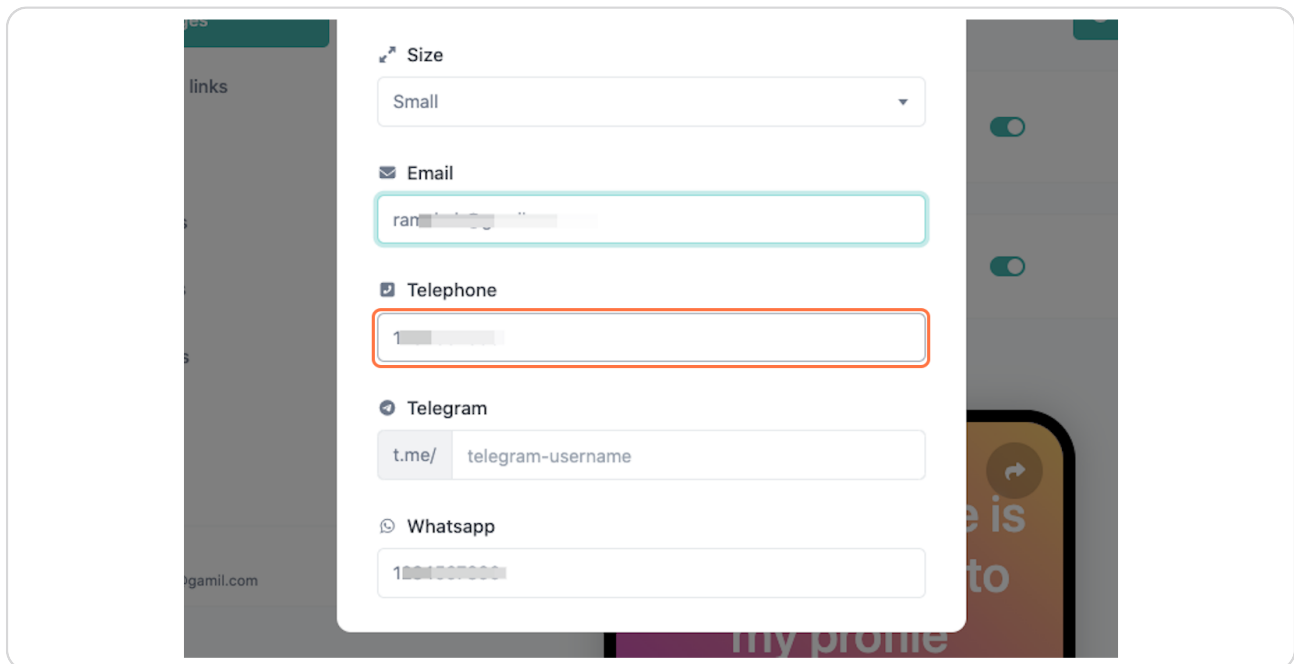

STEP 16

Click on Socials

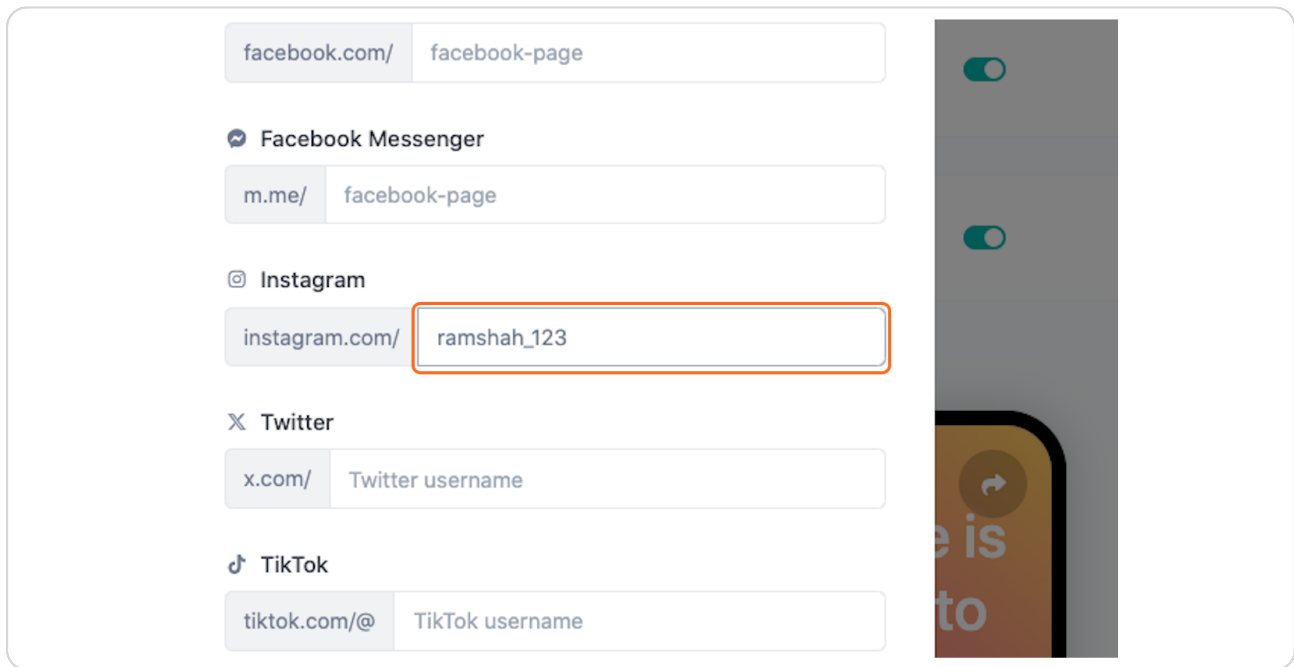

STEP 17

Click on Telephone

STEP 18

Click on Instagram

A screenshot of a social media link sharing interface. It features five rows of input fields for different platforms: Facebook, Facebook Messenger, Instagram, Twitter, and TikTok. Each row has a platform icon and a label on the left, and a text input field on the right. The Instagram row is highlighted with an orange border. The input field for Instagram contains the text 'ramshah_123'. To the right of the input fields is a vertical sidebar with two toggle switches and a share icon.

STEP 19

Click on Submit

A screenshot of a social media link sharing interface. It features four rows of input fields for different platforms: Threads, Reddit, Rumble, and VK. Each row has a platform icon and a label on the left, and a text input field on the right. The 'Submit' button at the bottom is highlighted with an orange border. The background shows a blurred view of a smartphone screen with various app icons and text.

Threads
